Subject: Building Names

Steve-The only large County building that has been officially named is the 1075 Mullins Station building. It is named the Peggy Edmiston Administration Building (PEAB). The other buildings, in the downtown area, that are not officially named are, as follows:

160 N. Main	Administration Building
157 Poplar	Office Building
140 Adams	Courthouse
150 Washington	Archives
584 Adams	Skill Center

Thanks, Melvin
